

FREE WEBINAR

Remaking Recess: A Social Engagement Intervention of Autistic Youth in Elementary Schools

Thursday, October 24, 2024

3:00 - 4:00 PM ET

In this webinar, Dr. Locke will discuss common challenges autistic children experience during recess at school. She will highlight the underlying research that led to the development and testing of the Remaking Recess intervention and share strategies to support autistic children to boost peer engagement at school.

Learning Objectives

Attendees will learn:

1. Some common challenges that affect autistic youth during recess in schools
2. How to identify engagement states of autistic youth on the playground
3. The core foundational strategies in Remaking Recess
4. About the research underlying Remaking Recess

SPEAKER:

Jill Locke, PhD

Associate Professor
University of Washington
